

**ON-LINE INTRODUCTORY ECONOMETRICS WITH MICROFIT
PRE-COURSE QUESTIONNAIRE**

I should like to be aware in advance of your background in relation to use of the Microfit package and econometrics so that we meet your needs as effectively as possible. Please use this form to indicate the level of your knowledge of econometrics and your familiarity with the Microfit package. (Add ticks or years as appropriate).

Please note that a pre-requisite of the course is to have completed an economics-related degree, with a quantitative/econometrics component at least to first year level.

What level of econometrics tuition have you received?

	Study	What Year
(a) Undergraduate (1st year course)
(b) Undergraduate (2nd year course)
(c) Undergraduate (final year course)
(d) Postgraduate
(e) Other (please specify)

How familiar are you with the topics covered in the course?

	Sessions 1-3	Sessions 4-5	Sessions 6-7
(a) Not familiar
(b) Familiar with basic concepts
(c) Have working knowledge of theory and practical applications
(d) Other (please specify)

How often do you use Microfit in your work?

(a) Infrequently (eg once a month/year)
(b) Regularly (eg once a week)
(c) Constantly (eg every day)
(d) Other (eg never)
